En førjulsaktivitet for engelsk på ungdomstrinnet som kan brukes på alle trinn

Secret Santa

Denne aktiviteten er ment som et miljøskapende tiltak i adventstida som kan gjennomføres i klasserommet eller i fjernundervisning. Målet er at elevene skal bli bevisste på hvor viktige de er for sine medelever, og hvor lite som skal til for å glede andre medelever. Som lærer kan du velge å gi oppdrag hver skoledag som en adventskalender eller gjennomføre aktiviteten i engelsktimene.

Instructions to the pupils:

You are going to be especially **caring** and **attentive** to your classmates before Christmas. Your teacher gives you the **name** of a classmate. You will be his/her **Secret Santa**. It is important **not to reveal** the name to anyone. Every day, the teacher gives an **assignment** for all the Secret Santas to carry out. You are strongly encouraged to give **attention** to **other pupils** in the class too, in order to **divert the attention**. You are also encouraged to **share in class** to create a **good atmosphere** and **entertainment**. Your teacher will tell you who your Secret Santa is the last day of school before Christmas. Have you already guessed who he/she is?
